

Work Values Inventory

Values play an important part in the career decision-making process. It is important to select the career options that best fit your values. The list below will help identify the values that you think will be important to you in your work. These values may change as work situations change. Therefore, it is important to evaluate your work values often.

Read each value and decide if it is **always important** to you, **sort of important** or **not important** to you. Place a checkmark in the appropriate box. The definition is there to help you think about the value. If your definition is different, use your own definition when rating the value.
